

**Modelling for Combinatorial Optimisation (1DL451)
and Part 1 of Constraint Programming (1DL442)
Uppsala University – Autumn 2022
Project Proposal by Team 1**

Andreas JONASSON and Marion DÜBENDORFER

13th September 2022

We would like to tackle one of the following problems (listed in decreasing preference) from the CSPLib problem list:

1. 062: Interview Assignment Problem
2. 011: ACC Basketball Schedule
3. 051: Tank Allocation
